

## Galvin Specialised Health + Aged Care **CliniSafe™ Mental Health Tapware**

### **Behavioral Health Specialists**

- Innovative, evidence based designs specifically for mental health services.
- Extensive research and development knowledge providing you the safest possible environment.
- Collaborative and proven end user engagement.

## Mental Health Tapware Specialists

Many mental health care experts agree providing patients with a home-like space as opposed to an institution-like space, results in shorter lengths of stay, lower levels of aggression and critical incidents, better client outcomes and improved staff conditions and satisfaction.

Galvin Specialised is committed to designing innovative products that provide optimal environments for patients by providing products that are:

- Anti-ligature - designed to help minimise the risk of self-harm
- Easy to use - for patients that may have issues with comprehension
- Vandal Resistant - to minimise damage or the use of products as a weapon

Product # 40691

### Vandal Resistant Anti-Ligature Shower Rose

#### Features and benefits:

- Robust anti-ligature design to reduce the potential for self-harm
- Hidden wall fixing for security
- Unique head design that provides a full showering experience that normalises the environment but provides maximum water saving
- Ideal for Mental Health applications as well as public or commercial applications where vandalism might be a risk
- High polished chrome on brass body with vandal proof fixings
- 3 star WELS rating

Product # 40707

### CliniSafe™ Mental Health Hand Held Shower Assembly with Anti-Ligature Quick Connect Wall Connection

#### Features and benefits:

- Anti-ligature designed hand held shower adaptor, that allows for the easy removal of the hand shower after use
- Durable chrome finish for easy cleaning and homely look
- Utilises a quick connect fitting for a safe and reliable shut off and easy attach and release
- Is able to be adapted to existing hose and hand showers

Product # 303070X

### CliniSafe™ (CRR) Floor Drain Round 100

#### Features and benefits:

- Specially designed to minimise self harm using a technique called the "Crocodile Roll"
- 316 Stainless Steel drain with a circular style anti-ligature slot grate that provide maximum flow capabilities
- A unique inbuilt design reduces the ability for contra-ban to be hidden within the drain
- All gullies supplied with security screwdriver bit to release the anti-ligature grating for cleaning
- Options available for use with vinyl sheet, epoxy, tiled or concrete flooring

Product # 42030

## CliniSafe™ Anti-Ligature Shower Valve

### Features and benefits:

- Unique design concept that eliminates the institutional look and provides anti-ligature features and vandal resistant compliance
- The shower can be easily activated with the palm of your hand or fingers
- Polished Stainless Steel finish for a homely look, but is able to withstand heavy knocks
- Easy temperature blending and operation to ensure comfort and safety for the user
- Bevelled edges for maximum tight fixing

Product # 42028

## CliniSafe™ Anti-Ligature Shower Valve with Electronic Activator

### Features and benefits:

- Unique design concept that eliminates the institutional look and provides anti-ligature features and vandal resistant compliance
- The shower can be easily activated with the palm of your hand or fingers for easy operation
- Polished Stainless Steel finish for a homely look, but is able to withstand heavy knocks
- Easy temperature blending and operation to ensure comfort and safety for the user
- Flowmatic® options of electronic controllers include timed flow, flow restriction and lockout programs (when requested)

Product # WM-TMVPMSCS

## CliniMix® Inwall Progressive Shower Thermostatic Mixer with Safe-Care Handle

### Features and benefits:

- Provides stable and safe mixed temperature with rapid shut down in the event of cold or hot water supply failure
- CliniSafe™ control handle is easy to use, and minimises ligature risk
- All servicing and commissioning can be done without removing the device therefore saving time and labour costs
- The smooth internal components and body reduce scale build-up and bacteria growth
- Water flow starts from cold ensuring safe usage

Product # 50140

## CliniSafe™ Mental Health Diverter Assembly with Paddle Handle

The diverter assembly has been designed to suit behavioural health showering facilities, enabling carers or patients to divert the water flow from one shower outlet to another, for example, our fixed shower head to our removable hand held shower assembly, providing greater flexibility for both patients and carers.

### Features and benefits:

- A unique design concept that eliminates the institutional look and provides anti-ligature features and vandal resistant compliance
- Easy operation allows the diverter to be activated with the palm of your hand or fingers
- Polished Stainless Steel finish gives a homely look but is able to withstand heavy knocks

Galvin Specialised is committed to designing innovative products that provide optimal environments for patients and to working closely with architects, engineers and contractors to ensure a world class facility is delivered to the owner.

## Mental Health Projects

### Sir Charles Gairdiner Hospital

“We were very pleased with the amount of communication between Galvin Engineering and us, in relation to providing the correct product for the client”

Jenelle, Lyons Architects (Design Architects)

“We appreciated Galvin Engineering working with the plumber and offering insights about what would work best in the project to ensure that the client got what they needed”.

Ben Hyde, Wood & Grieve (Consulting Engineer)

### Albany Health Campus

“We really enjoy working with Galvin Engineering because they are never hard to get a hold of, and are not afraid to come to site and assist us when we are having issues. They are also very happy to assist us when installing complicated products to ensure that we have a good understanding of the installation and fault-finding process. We are always happy to use their products on our projects.”

Phil Woolhouse, Cooke & Dowsett (Plumbing Contractor)
